Understanding Your Expansion

What we've heard from you

US-Based GCC

Expanding India footprint
with a new Gurugram centre

200-250 Headcount

Mid-size team requiring
flexible, scalable space

Zero CapEx

No upfront investment
or asset ownership

Ops-Free Model

No daily facilities
management burden

Our recommendation: A fully managed, plug-and-play office in Gurugram's prime business district

The Challenge

What holds GCCs back at the start

Setting up a new office is costly, slow, and distracting.

— especially for a US-headquartered team entering a new market.

High CapEx Commitment

Fit-outs, deposits, furniture — lakhs upfront

Long Setup Timelines

Traditional leases take 3–6 months to go live

Operations Overhead

FM, housekeeping, IT infra - not your core job

Compliance Complexity

Lease negotiations, legal due diligence, licenses

Our Solution

Managed Office - Built Around You

A fully furnished, tech-ready, operations-managed workspace - you just walk in and work.

Plug & Play Space

- Custom-branded interiors
- 200–250 workstations
- Meeting & breakout rooms
- Reception & lounge areas

Tech Infrastructure

- High-speed redundant internet
- Video-conf enabled rooms
- Access control & CCTV
- IT helpdesk support

Full Ops Management

- Dedicated facility manager
- Housekeeping & security
- Utilities & maintenance
- Single monthly invoice
